Chapter 1 by Luna

I am a captive, along with my brother Jonah. We are now forced to live in a futuristic underground bunker that is controlled by a computer. No one realizes we are gone, since the computer sent clones of us out into the real world. Please help me, Maya, and my brother Jonah survive.

I watch the clones play in the backyard. My brother and I are disgusted.

"Look at our parents. They do not realize that the real us are missing."
